GOLF COURSE & DRIVING RANGE NEWS

We are proud to announce that Waterkloof has moved up to number 68 in the Top 100 rankings. The hard work and dedication from everyone at Waterkloof has contributed to this achievement, and we are excited to see how far we can climb with the new projects currently underway.

Our winter projects are in full swing. Most of the bunkers have been sifted and mixed with new sand, and we are now moving into phase two of the bunker project.

The drainage project for the ditch between holes 9 and 18 is also progressing well, and we look forward to eliminating the wet conditions around the 18th tee boxes. The pathways around the course are also receiving much-needed attention, and members will notice significant improvements over the coming months.

The next project set to begin soon is the levelling of the tee boxes, which will further improve playing conditions across the course.

May was an exceptionally busy month at the club, with numerous golf days, members, and visitors enjoying the course. Despite the high volume of traffic and footfall, the course has continued to look fantastic, a true testament to the effort and care from our entire golf course team.

Our driving range is also showing strong growth, with increased visitor numbers and a noticeable rise in activity. It is encouraging to see more members and guests making use of the facility, and we are excited about its continued momentum.

We would also like to kindly remind all members and guests making use of golf carts to please avoid driving or parking too close to the greens and to remain on the designated cart paths at all times.

Your cooperation helps us maintain the excellent condition of the course for everyone to enjoy.

Knockouts Deadlines

All members participating in the 2026 Knockouts are kindly reminded to adhere to the match deadlines as communicated via email and displayed in the Pro Shop.

Your cooperation ensures smooth progress throughout the season.
